

**Cy-Fair Magazine, Katy Magazine's Sister Publication, Wins Business of the Year
Award from Cy-Fair Houston Chamber of Commerce**

State Senator Dan Patrick announced the winners at the Cy-Fair Houston Chamber's
Installation Celebration Ceremony on January 21

Katy Magazine's sister publication, Cy-Fair Magazine, was recently honored as one of three outstanding local businesses serving the Cy-Fair community. This is the ninth year the Cy-Fair Houston Chamber has honored three local businesses in the small, medium and large business categories. The winning companies each demonstrated exemplary growth and made a significant contribution to the Chamber and community in the past year, according to the Chamber.

"This year the Chamber had many great businesses submit their application for The Business of the Year awards," said Cy-Fair Houston Chamber President Mary Evans. "Choosing one to represent the small, medium and large categories was very difficult". Businesses were judged on financial and/or service contributions to the community; growth in employees and/or revenues; and environmental improvement and/or social responsibility.

According to the Chamber, Cy-Fair Magazine was selected because of its dedication to offering 100 percent local content geared toward families in the Cy-Fair area. "The magazine features many aspects of Cy-Fair living, from profiles of local services, charities and unsung community heroes, to vital resources and health topics pertaining to Cy-Fair families." The chamber also recognized Cy-Fair Magazine for supporting countless community events and sponsorships.

"We are thrilled to be named Business of the Year," said Katrina Katsarelis, publisher and editor-in-chief of Cy-Fair Magazine. "From day one, Cy-Fair fully embraced the magazine which helped to fuel our passion and dedication. We are very grateful to the Chamber for recognizing our hard work for this community." North Cypress Medical Center was named winner of the Large Business of the Year award and Skeeters Automotive Service was presented with the Medium Business of the Year award. Past recipients of the annual Business of the Year awards include Caldwell Companies, Bridgeland, Wells Fargo Bank, Perry Pools, Cypress Fairbanks Medical Center, and more.

Founded in 2006, Cy-Fair Magazine is a sister publication of Katy Magazine (founded 2003) and Sugar Land Magazine (founded 2005). Like its older sisters, Cy-Fair Magazine has won numerous state level editorial awards from the Texas Community Newspapers Association and has received a Better Business Bureau Winner of Distinction Award for the past two years.
